

LC ENGLISH

ONLINE DISCUSSION CLASS

This class focuses primarily on speaking.

Many students who learn English in non-English country don't have the opportunity to hear and speak the language. This class gives them space to turn the passive knowledge into the active one. The aim is to improve the fluency, confidence, and the ability to communicate effectively.

We use variety of different topics which ensure students' involvement. Students learn to express personal beliefs, views, and opinions. They also practise how to agree and disagree politely.
